

Mr. Boer's Grade 4B

N E W S

Oct 11 - 15, 2021

A note from the teacher's desk

Dear parents and students,

I trust that your family had a blessed Thanksgiving! We have much to be thankful in spite of the Covid headlines that continue to dominate the news.

Welcome to another week of learning. Here is a snapshot of the upcoming week:

- **On Thursday:** A French quiz on numbers to 39 as well as colour vocabulary terms is slated for Thursday. Your child was given a study sheet with instructions for this quiz. It can be found in your child's agenda book and a digital copy can be found in the google classroom. Your child is encouraged to prepare for this quiz using the Quizlet app found under the French topic in the google classroom.
- **On Friday:** Today there will be a music quiz on basic theory. Your child was given several study sheets that can be found in his/her agenda book.

• Take note...

*While there is no memory work this week, you can find it posted in this memo.

*Memory work recitation will take place on Thursday, October 21st.

*A recent math test on whole numbers was returned with your child's agenda book. Because of the shorter week, there will not be a spelling test this week.

*If your child is absent from school, I would appreciate it if you would send me an email before school starts. This way, the attendance chart can be updated earlier. This will also save the office from having to make a follow-up phone call.

Repeat Announcements:

On several occasions, students are forgetting their water bottles at home. Our school fountains are shut off because of Covid. I encourage your child to leave their water bottles at school so they can stay hydrated. Please send along with your child a plastic cup that will be kept in their desk in case they forget their bottle at home. Thank you for your cooperation.

A glimpse in the rear view mirror

COMPOSITION: We have finished our newspaper assignment entitled "All about me." Some students were instructed to finish theirs at home this weekend. If your child is one of these students, please have him/her complete it and return it to school on **Tuesday**. After some display time at school, they will be sent home.

NEIGHBOUR TO NEIGHBOUR: Thank you for your generous donations to Neighbour to Neighbour. Our class was challenged to bring in 50 items, but we brought in 73 items. Thank you for your participation!

ASSEMBLIES: It was nice being in the gym for, not one, but two assemblies this past week. These assemblies were the first ones since February 2020. One of the assemblies pertained to the *Ride for Refugees Walkathon* fundraiser. Information for this walkathon was sent home with one of your children this past Thursday. The date for our walkathon is Thursday, October 21st. The students have until then to get their pledges ready. Thanks again in advance for your participation and generosity!

Memory Work

"Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your request to God. And the peace of God, which transcends all understanding, will guard your hearts and minds in Christ Jesus."

Philippians 4: 6-7

*This memory work is due on Oct 21.
