Dear parents and students,

I hope that you and your family were able to enjoy a blessed Easter. Assisting Mr. Boonstra with the Easter assembly was an enjoyable experience for us. You can find the link to the assembly in Friday's courier.

**Looking Back:**

**Music:** We spent part of Thursday afternoon recording a number of songs with the bells and chimes for upcoming church services at Immanuel CRC. It is rewarding to have an audience to play for, even if that audience is a virtual one.

We were able to donate 100 items to **Neighbour to Neighbour** this past Thursday and we thank you for your generosity. The kids were rewarded with additional recess time...but, for some of the students, the reward was too chilly.

**Peter the disciple** made a virtual visit on Thursday to share his experiences as part of our extended Easter devotions.

**Agenda books** were not updated this past week, but recent tests in math and French were sent home with your child.

**Looking Ahead:**

The students are reminded to return to school with their math and grammar textbooks and workbooks this Monday.

On the heels of a busy previous week, the shorter week ahead of us will be a lighter one. We will not be having a spelling test this week. Nor will there be memory work.

In math, we will begin a unit on linear dimensions (metric measurement and conversions, area, perimeter, and volume). In creation studies, we will begin a new unit on habitats and communities and endangered species.

Have a great week!

Mr. Boer
